### THOUGHTS

Our roll numbers have decreased since the earthquakes and at 105 pupils, we are currently 30 pupils below the number at the same time of the year prior to the earthquakes. Our situation is unique in that we are the Catholic school for this area of the greater Stellar Maris Parish.

Visitors and professionals applaud the school's tone and the learning taking place here, but the often reported comment is that "We didn't know you were here !(our location)".

I was sharing this story with the school council and a suggestion from a pupil, which was well supported by his fellow council members, was that we drop off our school flyers around our neighbourhood. So, this week we will send home flyers with the newsletter and ask that you drop them in letter boxes within your neighbourhood or pass them on to someone who may be considering schools for their children to attend. All publicity is good and this simple way of spreading the good news of St Anne's may be the lift we need.

See you at our Parish & School Mass next Sunday.

Kind regards

*Peter Callanan* (Principal)

### *Faith Facts - Cloud & Light*

These two images occur together in the manifestations of the Holy Spirit. In the theophanies of the old Testament, the cloud, now luminous, reveals the living and saving God, while veiling the transcendence of his glory—with Moses on Mount Sinai, a theophany of meeting, and during the wandering in the desert, and with Solomon at the dedication of the Temple. In the Holy Spirit, Christ fulfils these figures. The Spirit comes upon the Virgin Mary and "overshadows" her, so that she might conceive and give birth to Jesus. On the mountain of Transfiguration, the Spirit in the "cloud came and overshadowed" Jesus, Moses and Elijah, Peter, James and John and "a voice came out of the cloud, saying, 'This is my Son, my Chosen; listen to him!'" Finally, the cloud took Jesus out of the sight of the disciples on the day of his ascension and will reveal him as Son of man in glory on the day of his final coming.

### COMING EVENTS

#### JUNE

- 5 World Environment Day
- 6 Assembly / Mass Rm 4
- 13 Assembly / Mass Rm 6
- 18 Canterbury Cross Country
- 20 Assembly / Mass Rm 2
- 27 Assembly/Mass Rm 1

#### JULY

- 4 Last Day of Term 2
- 21 Term 3 Commences 9.00am  
Maori Language Week

#### **Parents & Friends Assn** fundraiser— **Naked Baker Pies**

#### Readings for Sunday 8<sup>th</sup> June

Reading 1- Acts 2:11

Reading 2- 1 Corinthians 12:3-7, 12-13

Gospel - John 20: 19-23

#### **St Anne's Altar Servers**

Saturday 7 June 6.00pm

- 1 Alice Sparks
- 2 Lucy Sparks

Sunday 8 June 10.30am

- 1 Finn Mounty
- 2 Tyler Mounty
- 3 Rōan Sullivan

## Night works – Rutherford Street/Ferry Road/Palinurus Road intersection

<b>What</b>	Wastewater replacement
<b>When</b>	Sunday 8 June 2014 for approximately two weeks
<b>Where</b>	Rutherford Street / Ferry Road / Palinurus Road intersection

### Where we are working

Location of Works Sourced from LINZ data, Crown Copyright reserved

Key	Description
	Work area
	No right hand turn
	No through route on Ferry Road

Thank you for your patience and co-operation while these essential works are underway in your community.

### What we are doing

- We will be replacing a section of wastewater main at the Ferry Road / Rutherford Street / Palinurus Road intersection. Works will commence on the evening of Sunday 8 June 2014 and will take approximately two weeks to complete.
- Due to the large traffic volume through this intersection, **works will take place at night between the hours of 6.00pm and 6.00am.**
- Wastewater repairs on Rutherford Street will follow at a later date, further information will be provided prior to this work commencing.
- During work hours the intersection will be closed for traffic travelling through the intersection on Ferry Road and no right hand turns will be available. Sign posted detours will be in place, details are over the page.

### How our work could impact you

#### Traffic Impacts

- Due to the high traffic volume at this intersection, works will take place at night between the hours of **6.00pm until 6.00am.**
- There will be no thorough route for traffic travelling east or west on Ferry Road during work hours.
- When travelling east (towards Sumner) on Ferry Road please follow the detour via Palinurus Road, Dyers Road and then back onto Ferry Road.
- When travelling west (towards the city) on Ferry Road please follow the detour via Rutherford Street, Garlands Road, Radley Street and then Ferry Road.
- The following no right hand turns will be in place throughout the work period (both day and night)**
  - Ferry Road onto Palinurus Road
  - Ferry Road onto Rutherford Street
  - Palinurus Road onto Ferry Road
  - Rutherford Street onto Ferry Road
- As work is taking place in the intersection, access to your property will not be affected.
- During the day the fencing will be pulled in to allow two way traffic flow on Ferry Road. Please note that due to the location of the work site the no right hand turns will remain in place.
- The bus stops on Ferry Road, either side of the Rutherford Street and Palinurus intersection will be temporarily relocated during these works. Details of the temporary stop will be available at the original bus stop location. Please visit [www.metroinfo.co.nz](http://www.metroinfo.co.nz) or phone 366 8855 for further information.

#### General Impacts

- You should expect to experience some levels of noise and vibration, however this will be monitored and managed accordingly. We will also be using high beam safety lights while we work.
- Due to the location of the pipes this work involves trenching in the middle of the road to remove damaged pipes and replacing these with new pipes. Open trenching will require the placement of trench shields and fencing to ensure our workers remain safe.
- We will be using construction machinery, pumps, concrete saws, compacting machines and other pieces of equipment as part of this work.
- There will be no expected interruptions to your existing water, wastewater, power, gas or telecommunication services while we undertake this work.
- Works will take place between the hours of 6.00pm and 6.00am.
- All works are subject to favourable weather and on-site conditions.
- If you require any further information please feel free to contact the City Care communication team on **0800 632 889** or email [scirt@citycare.co.nz](mailto:scirt@citycare.co.nz).
