

# St Anne's School Uniform

A uniform can unite a school and help to provide a sense of pride and engagement. A good uniform can eliminate any inequities and gender bias students may be dealing with. It also supports the culture and mauri of our school.

While following the school uniform guidelines set down by [The Human Rights Commission in 2022](#), St Anne's Board will also take into account the thoughts and ideas of parents/caregivers and students. Responses will be kept in confidence by the Board, we greatly appreciate your feedback.

Please fill out the survey by **31 March 2024** so that your opinion and ideas can be heard!
